# Quality Books from RCPsych Publications

## Modern Management of Perinatal Psychiatric Disorders (2nd edn)

Carol Henshaw, John Cox and Joanne Barton

The management of mental health problems is a core component of maternity care. Pregnancy and childbirth may be accompanied by recurrence of pre-existing psychiatric problems, and conditions such as postnatal depression and puerperal psychosis may arise following delivery. Correct management of these problems is essential for both the mother and the developing infant.

This book provides a comprehensive overview of mental health problems associated with pregnancy and the year after delivery. The second edition has been updated to reflect current practice, recent evidence and new clinical guidelines.

Key topics covered include: issues for children and families; screening for and prevention of mental disorders in relation to childbirth; prescribing and physical treatments in pregnancy and lactation; transcultural issues; and diagnosis and management.

**Relevant for:** all psychiatrists and other healthcare professionals who work with pregnant women or new mothers.

April 2017, paperback, 320 pages, ISBN: 978-1-909726-77-2, price \$70

## Management for Psychiatrists (4th edn)

Edited by Dinesh Bhugra, Stuart Bell and Alistair Burns

This is a practical guide to the complex world of management in psychiatric practice and covers the various skills necessary for running services. It begins with a theoretical overview of the management, structure, funding and politics of the NHS, it then examines issues of change and conflict such as: medical leadership; team-working; revalidation; quality improvement and governance; clinical audit, confidentiality; service users' expectations; and mental health tribunals.

A section on personal development skills covers: managing committees; presentation skills and time management; developing leadership skills; mental health informatics; and working with the media. All chapters have been completely updated for the fourth edition.

**Relevant for:** advanced trainees and new consultants.

Sep 2016, paperback, 544 pages, ISBN 978-1-909726-65-9, price \$90

## Spirituality and Narrative in Psychiatric Practice

### Stories of Mind and Soul

Edited by Christopher C.H. Cook, Andrew Powell and Andrew Sims

For mental health service users, spirituality and faith are closely connected with questions of relationship, transcendence, and finding meaning and purpose in life – questions best approached by way of narrative (or story). This book breaks new ground

by using narrative to explore the importance and challenge of spirituality in clinical psychiatric practice by including narrative excerpts and case illustrations to show how spiritual concerns can be included in a range of psychiatric treatment options. It also explores the ethical and professional dilemmas spirituality still raises in mental healthcare.

**Relevant for:** all mental health professionals.

March 2016, paperback, 204 pages, ISBN 978-1-909726-45-1, price \$60

## The Drug Conversation

### How to Talk to Your Child About Drugs

Owen Bowden-Jones

This guide for parents is about how to raise the thorny issue of drugs with their children. It provides information on the different types of drugs available, their attractions and harms, how they work in the brain, and who uses them and why. It covers

issues such as how to detect drug use, drug testing, synthetic drugs ('legal highs'), accessing help, effective treatments and it gives practical advice on how to prepare for and have a conversation about drugs with your child – including examples of actual conversations.

**Relevant for:** all parents will need this book at some stage.

May 2016, paperback, 180 pages, ISBN 978-1-909726-57-4, price \$25.98

## Clinical Topics in Disorders of Intellectual Development

Edited by Marc Woodbury-Smith

This comprehensive work addresses the care and treatment of adults and children who have intellectual disabilities. It focuses specifically on the interface between intellectual

disabilities and genetics, ageing, epilepsy and forensic psychiatry, with a whole section on the diagnosis, assessment and treatment of autism spectrum disorders.

**Relevant for:** all mental health professionals working with children and adults who have developmental disabilities.

Oct 2015, paperback, 328 pages, ISBN 978-1-909726-39-0, price \$60

# Psychiatrist Opportunities

## Philadelphia, PA

Einstein Behavioral Health is a comprehensive treatment facility in Philadelphia, Pennsylvania. We are seeking:

- Medical Director, Behavioral Health Service
- FT Psychiatrist for General Adult Inpatient Psychiatry Unit
- Geropsychiatrist

Our programs offer a full range of adult inpatient mental health services, including an alcohol and chemical dependency treatment unit and a geriatric diagnostic center. Our full continuum of care also includes intensive outpatient programs, partial hospitalization programs and an outpatient medication management clinic.

This opportunity includes an innovative, competitive compensation model and an excellent working environment as a member of a large, experienced behavioral medicine team.

Einstein Behavioral Health offers programs to address behavioral health issues for all ages. Our 36-bed Long Term Structured Residence (LTSR) services both adults and older adults, and our Adult Crisis Response Center (CRC) is a crisis/emergency psychiatry facility. Our Child and Adolescent Crisis Response Center includes a full range of services for children and adolescents.

We are part of Einstein Healthcare Network, a large, comprehensive healthcare network, and have a long history of providing excellent patient care and a high level of physician satisfaction.

For more information, please contact  
**Kim Hannan, Physician Recruiter,**  
HannanKi@einstein.edu or call  
267-421-7435.

# Understanding Mental Disorders

## Your Guide to DSM-5®

American Psychiatric Association

**A consumer guide for anyone who has  
been touched by mental illness!**

*With Foreword by Patrick J. Kennedy*

Most of us know someone who suffers from a mental illness. This book helps those who may be struggling with mental health problems, as well as those who want to help others achieve mental health and well-being.

Based on the latest, fifth edition of the *Diagnostic and Statistical Manual of Mental Disorders*—known as DSM-5®—**Understanding Mental Disorders** provides valuable insight on what to expect from an illness and its treatment—and will help readers recognize symptoms, know when to seek help, and get the right care. Featured disorders include depression, schizophrenia, ADHD, autism spectrum disorder, posttraumatic stress disorder, and bipolar disorder, among others.

## Outpatient Adult Psychiatrists

### Minnesota

*Share your expertise in an environment that supports new treatments and innovation while embracing a strong work-life balance.*

HealthPartners is a dynamic multi-specialty medical group practice headquartered in the Twin Cities of Minneapolis/St. Paul, Minnesota. Our Behavioral Health group has a large outpatient practice with 21 adult psychiatrists, 4 child psychiatrists, 7 clinical nurse specialists and 60 therapists. Each has special interests and expertise, but also practice as generalists to provide outstanding clinical care to our diverse patient population via **integrated outpatient services** with our primary care and specialty clinics.

We have exciting practice opportunities for outpatient adult psychiatrists, and provide:

- Full-time and part-time practices
- Competitive pay
- A generous benefits package, including relocation assistance, employer-matched 401(k) and 457(b), malpractice coverage, and competitive PTO and CME
- Minimal call requirements (by pager/phone) covering outpatient practice
- Affiliation with multiple hospitals and clinics including inpatient psychiatry, intensive day programs, chemical dependency programs, and eating disorder programs
- A large internal referral base
- Exceptional nursing support and psychotherapy colleagues
- An organizational commitment to a sustainable medical practice with EHR, documentation efficiency work group, extensive billing and coding support, integrated services and telemedicine

HealthPartners' integrated health care system is recognized locally and nationally for great care and leadership. We believe outstanding health care is delivered when we merge the science of medicine with the compassion, spirit and humanity of our hearts. We refer to this as "**Head + Heart, Together,**" which exists to inspire constant improvement and lasting success. We achieve this by partnering with patients and families in everything from care decisions to service and facility design. As we work together as a unified team, we engage patients, families and the community, and put them at the center of everything we do.

To learn more and apply, visit us online at [healthpartners.com/careers](http://healthpartners.com/careers), or email your CV and cover letter to [lori.m.fake@healthpartners.com](mailto:lori.m.fake@healthpartners.com).
