## ACOS Behavioral Health - VA Pittsburgh Healthcare System

The VA Pittsburgh Healthcare System (VAPHS) is seeking a leader to serve as Associate Chief of Staff for Behavioral Health. We are tertiary care 1A VA facility that serves Western Pennsylvania and parts of Ohio and West Virginia. The VAPHS Behavioral Service Line operates a 78 bed inpatient behavioral health facility and conducts over 100,000 outpatient visits yearly. There are currently over 100 behavioral health providers in the service line.

The candidate will serve in a major leadership position at VAPHS, with responsibility for oversight of the quality and programmatic development of behavioral health clinical care, investigation, and education, including the training of medical students, residents, and other trainees. A candidate is sought with an established track record as a clinical leader in behavioral health, who has also had experience in medical education and research. The position will offer extensive opportunities for fostering and participating in collaborative initiatives between VAPHS and its academic affiliates that aim to advance clinical care of Veterans with behavioral health disorders. The position is open to physicians, psychologists, nurses, and social workers with expertise in these areas. Joint appointment at the University of Pittsburgh is available and desirable. Inquiries about the position can be addressed to Steven Graham M.D., PhD ([steven.graham@va.gov](mailto:steven.graham@va.gov)), Chairperson, Search Committee. Vacancy announcements are posted on USAJobs – <https://www.usajobs.gov/>.

**VAPHS is an Equal Opportunity Employer.**

# Adult Psychiatrists Outpatient

## MINNESOTA

**Share your expertise in an environment that supports new treatments and innovation while embracing a strong work-life balance.**

HealthPartners is a dynamic multi-specialty medical group headquartered in the Twin Cities of Minneapolis/St. Paul, Minnesota. Our Behavioral Health group has a large outpatient practice with 21 adult and 4 child psychiatrists, 7 clinical nurse specialists and 60 therapists. Practicing as generalists, each provides integrated outpatient services to our diverse patient population within our primary care and specialty clinics.

We have exciting practice opportunities for BC/BE Outpatient Adult Psychiatrists, and offer:

- Full-time and part-time practices
- Competitive pay
- A generous benefits package, including relocation assistance, employer-matched 401(k) and 457(b), malpractice coverage, and competitive PTO and CME
- Minimal outpatient call requirements (pager/phone)
- Affiliation with multiple hospitals and clinics, including inpatient psychiatry, intensive day programs, chemical dependency programs and eating disorder programs
- A large internal referral base
- Exceptional nursing support and psychotherapy colleagues
- An organizational commitment to a sustainable medical practice with EHR, documentation efficiency work group, extensive billing and coding support, integrated services and telemedicine

HealthPartners' integrated health care system is recognized locally and nationally for great care and leadership. We believe outstanding health care is delivered when we merge the science of medicine with the compassion, spirit and humanity of our hearts. We refer to this as "Head + Heart, Together," inspiring constant improvement and lasting success. As a unified team, we engage patients, families and the community and put them at the center of everything we do.

Learn more by emailing your CV and cover letter to [lori.m.fake@healthpartners.com](mailto:lori.m.fake@healthpartners.com) or by applying online at [healthpartners.com/careers](http://healthpartners.com/careers).

## The Art and Science of Brief Psychotherapies *A Practitioner's Guide, Third Edition*

Edited by Mantosh J. Dewan, M.D.,  
Brett N. Steenbarger, Ph.D., and Roger P. Greenberg, Ph.D.

**Just Published!**

**Video Illustrated**

Each chapter is thoroughly updated, and new chapters cover such topics as dialectical behavior therapy, multicultural practice, and mentalizing, as well as fresh approaches to intervention, such as telepsychiatry and Internet-based interventions.

HERE is where NeuroStar® with Contact Sensing made a difference for Andy

**FOR THE TREATMENT OF MAJOR DEPRESSIVE DISORDER (MDD)**

Doctors who expect the same precision from other TMS systems are leaving treatment dosing to chance.

When contact with the head is off by just 1 mm, as much as a 40% loss in the prescribed TMS dose can occur.<sup>1</sup> **Only NeuroStar Advanced Therapy** with Contact Sensing precisely monitors treatment delivery in 3 dimensions and alerts the clinician if the coil loses contact, ensuring that the full dose is being administered.

**When remission from MDD is at stake, precision matters. Trust the #1 TMS choice of doctors like you.**

**INDICATION**

NeuroStar® is indicated for the treatment of Major Depressive Disorder in adult patients who have failed to receive satisfactory improvement from prior antidepressant medication in the current episode.

**IMPORTANT INFORMATION**

The most common side effect is pain or discomfort at or near the treatment site. These events are transient; they occur during the TMS treatment course

and do not occur for most patients after the first week of treatment. NeuroStar Advanced Therapy should not be used with patients who have non-removable conductive metal in or near the head.

NeuroStar Advanced Therapy is available by prescription only. Please visit [NeuroStar.com](http://NeuroStar.com) for full safety and prescribing information.
