

Supplementary Figure 1. *SORL1* 3-SNP sliding window haplotype associations with hippocampal volume in the combined sample.

x Represent SNPs Upstream of *SORL1*, • Represent SNPs within *SORL1*, ⌘ Represent SNPs downstream of *SORL1*; y-axis shows the $-\log_{10}$ of the maximum score p-value, dashed line indicates a p-value=0.05, dotted line indicates p-value=0.01.
