

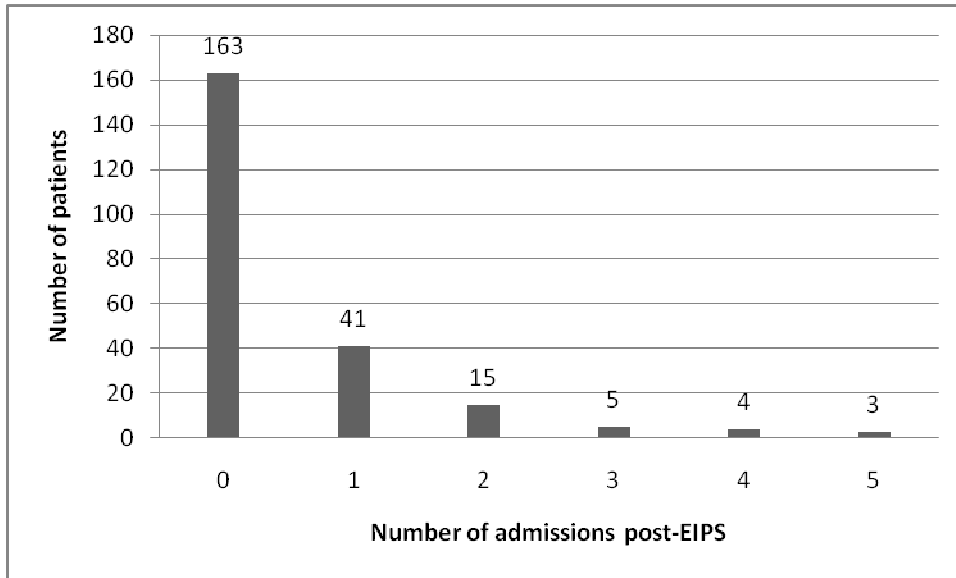

Figure 1. Observed frequency distribution of psychiatric hospitalization in the two years following treatment in the EIPS program

<b>Variable</b>	<b>Observed N</b>
Gender	231
Maori	231
Age at referral	231
Domestic partnership (baseline)	215
Without school qualifications (baseline)	204
Schizophrenia spectrum disorder	231
Duration of untreated illness (baseline)	218
Pre-treatment number of days hospitalized	231
Number of days hospitalized during EIPS	231
Number of admissions during EIPS	231
Length of treatment in EIPS	231
unemployed (discharge)	201
substance abuse (discharge)	198
engagement	202
GAF score (discharge)	198
Honos (discharge)	202
Insight (baseline)	219
Insight (discharge)	196
PANSS (discharge)	198
QLS (discharge)	199
