PSYCHIATRIC NEWS alert

The Voice of the American Psychiatric Association and the Psychiatric Community

Read All About It! Sign Up for the Psychiatric News Alert!

Psychiatric News has a new way to stay in touch with you between issues—a twice daily news ALERT at alert.psychiatricnews.org.

Sign up to receive free news alerts automatically through email and RSS feeds.

Psychiatric News Alert reports on breaking news on topics of importance to psychiatrists—such as clinical psychiatry, psychiatric research, legislative and regulatory updates, health policy, APA advocacy initiatives, and lifelong learning—and provides links to further information in *Psychiatric News*.

Highlights also include major findings reported in APA's leading periodicals, the *American Journal of Psychiatry* and *Psychiatric Services*.

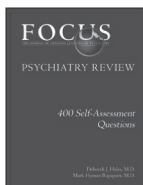

This fall, look for a new, interactive web site and an electronic newsletter for Psychiatric News. We want to be the source you turn to for all of your professional news.

FOCUS Psychiatry Review – 400 Self-Assessment Questions

Edited by Deborah J. Hales, M.D., and Mark Hyman Rapaport, M.D.

Program end date: July 2012

This workbook contains 400 board-type multiple-choice questions from the annual FOCUS Self-Assessment Examinations that can help psychiatrists prepare for examinations and identify areas for further study. The questions cover important clinical areas of psychiatric practice and closely follow the ABPN outline of topics.

APA is accredited by ACCME to provide continuing medical education for physicians. APA designates this educational activity for a maximum of 50 *AMA PRA Category 1 Credits™*. Physicians should claim credit commensurate with the extent of their participation in the activity.

FOCUS Patient Management Exercises in Psychiatry

B. Harrison Levine, M.D., M.P.H, and Ronald C. Albucher, M.D.

Program end date: May 2014

This is a practical and accessible self-study workbook designed for practicing psychiatrists who want to improve their knowledge of clinical psychiatry and patient care. Physicians who complete the exercises in this workbook can improve their clinical decision making, advance their communication and diagnostic abilities, evaluate their knowledge and clinical skills, learn leading-edge clinical information, and most importantly, improve patient care.

APA is accredited by ACCME to provide continuing medical education for physicians. APA designates this enduring material for a maximum of 32 *AMA PRA Category 1 Credits™*. Physicians should claim credit commensurate with the extent of their participation in the activity.
