# American Neuropsychiatric Association

The American Neuropsychiatric Association (ANPA), established in 1988, is an organization of professionals in neuropsychiatry, behavioral neurology, neuropsychology and the clinical neurosciences. Our mission is to improve the lives of people with disorders at the interface of psychiatry and neurology.

One strength of our organization is our diverse membership, which is comprised of professionals in all areas of neuroscience who share clinical and/or academic interests in neuropsychiatry. The interdisciplinary makeup of the membership encourages collaboration among educators, clinicians, researchers, students and trainees during research presentations, symposia, workshops, and continuing education courses. *The Journal of Neuropsychiatry and Clinical Neurosciences (JNCN)* is the official publication of the organization, and a subscription is a benefit of membership.

ANPA holds an annual scientific meeting and provides up to 30 CME/CE credits. Members are encouraged to submit their work for presentation at our annual meetings. Travel awards are available for promising young investigators. Annual meeting abstracts and proceedings are published in *JNCN*.

**INTENDED LEARNERS** This activity is intended for psychiatrists, primary care physicians, psychologists, physician assistants, psychiatric nurses, and other health care professionals who seek to improve the care of patients with mental health disorders.

**LEARNING OBJECTIVES** After completing this activity, participants should be able to:

- Identify the etiology, pathophysiology, and neural pathways of various psychiatric disorders and their effects on patients
- Implement evidence-based models on the use of psychotherapeutic and pharmacotherapeutic interventions to develop treatment plans, predict treatment response, optimize remission, and prevent relapse
- Employ strategies to identify and remove barriers to treatment to improve patient outcomes

in the acute and long-term management of psychiatric disorders

■ Increase ability to assess psychiatric disorders as well as patient's overall health, including comorbidities, with the goal of improving diagnosis and treatment

**ACCREDITATION INFORMATION** In support of improving patient care, North American Center for Continuing Medical Education, LLC (NACCME), is accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the health care team.

**CME** NACCME designates this live activity for a maximum of 30 AMA PRA Category 1 Credits™. Physicians should claim only the

credit commensurate with the extent of their participation in the activity.

**CNE** This continuing nursing education activity awards 30.0 contact hours.

Provider approved by the California Board of Registered Nursing, Provider #13255 for 30.0 contact hours.

**APA** North American Center for Continuing Medical Education, LLC (NACCME) is approved by the American Psychological Association to sponsor continuing education for psychologists. NACCME maintains responsibility for this program and its content.

**INSTRUCTIONAL LEVEL** Advanced

**REQUIREMENTS FOR CREDIT** To be eligible for documentation of credit, participants must attend the educational activity and complete the evaluation form. After successful completion

of the evaluation form online, participants may immediately print their documentation of credit. Physician assistants, nurse practitioners, and nurses may participate in this educational activity and earn a certificate of completion as AAPA, AANP, and ANCC accept AMA PRA Category 1 Credits™ through their reciprocity agreements.

Other health care professionals treating patients with mental health disorders should check with their state licensing and certification boards to determine if Psych Congress meets their continuing education requirements.
